

# Habasit 360

Tracking orders, finding documents, and identifying belt codes shouldn't slow you down. Delays often come from waiting for updates or chasing information across emails and calls.

The new Customer Portal, Habasit 360, is your secure hub for orders, documents, and support, giving you instant order visibility, easy access to purchase history, quick product identification, and direct help when you need it.

Save time, reduce errors, and keep your business moving with one simple, connected platform.

**Order Tracking**  
Stay in control with complete journey visibility from confirmation to delivery.

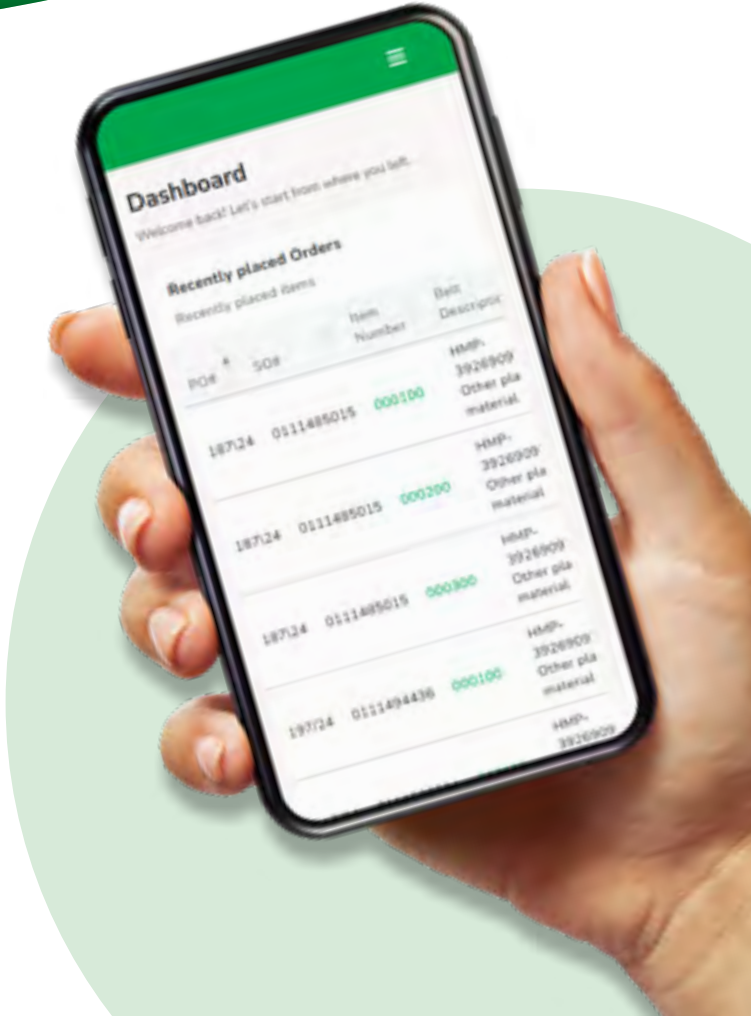

**Your Order History**  
Gain full visibility to your Habasit order history including all supporting documents.

**QR Code Scanning**  
Scan, confirm, and retrieve product details in seconds, reducing errors and saving time.

**Contact Us Interface**  
Reach your local Habasit Customer Care team whenever you need assistance for smooth, efficient operations.

## Dashboard

Welcome back! Let's start from where you left.

## Registering for the Customer Portal

1. Scan the QR code on the belt tag, or go the following link: **habasit.com/PortalRegistration**
2. Fill out the registration form, including confirmation of your email.
3. Log in and start connecting with your data.
4. For a quick tour of the Customer Portal, please check out the following video: **Habasit 360 Introduction Video.**

## Getting started with the Customer Portal

1. Take the belt tag, scan the QR code using your phone's camera.
2. Once you scan, the display will show basic belt information. "Click" the Habasit 360 link to access all belt related documents e.g. past purchase history.
3. To also easily access these documents and general belt information, once the belt is installed on the machine, place QR code belt tag sticker either on your machine where accessible or in your storeroom for easy access.
4. When receiving a new belt, please replace the existing sticker with the new sticker.
5. If you need help, Steps 1 thru 4 will be explained in the following link or scan QR code.
